During my career as project manager I often had to employ new technologies to develop businesses. I have always enjoyed working with computers, therefore by the end of 2022 I decided to shift from operational management and enter into the world of programming.

Experience

Strategic projects and network development manager @ Krowarzywa

mar 2017 - aug 2022 // Kraków,

- ▷ Implementation of strategic projects for network development (i.e. implementation of new POS software for 20 restaurants and headquarters, development of central reporting system, negotiation of new partnerships).
- ▷ Project management (i.e. planning and supervision of major business changes, food delivery process development).
- ▷ Team management (i.e. implementation of Asana environment for the management team, supervision of over 20-people sales team and smaller teams, etc.).
- ▷ Data analysis and presentation of reports with conclusions to the board.
- ▷ Creating procedures and operational processes for the network, coordination of marketing activities
